

TUNGSTEN SMART-HEAT™ PORTABLE

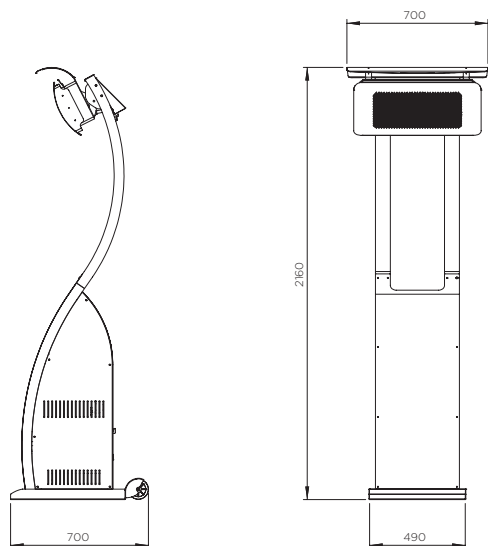

KEY FEATURES

- ▶ **Modular Construction:** Built-in wheels enable easy and flexible placement in various outdoor settings
- ▶ **Award Winning Design:** Boasts an award-winning matte black finish and unique design, adding a touch of sophistication to any outdoor space
- ▶ **Superior Radiant Heating Efficiency:** Utilizes high-intensity ceramic burners and directional radiant heat technology, making it up to 3 times more efficient than traditional portable heaters by focusing warmth exactly where it's needed
- ▶ **High Heating Capacity:** Delivers 40 MJ of heating power, effectively warming outdoor areas up to 20 m²
