HEATING

BROMIC[®]

HEATING

Trusted by top architects and designers, our patented Smart-Heat™ radiant heat technology brings warmth and elegance to iconic hospitality venues, stylish homes and premier entertainment spaces. Known for unmatched performance, lasting reliability and sleek, modern design, we transform outdoor areas into sophisticated sanctuaries. We don't just provide warmth – we craft unforgettable experiences.

STRIKING DESIGNS
LASTING RELIABILITY
UNMATCHED PERFORMANCE

You take pride in your work - so do we. Every element of our products are meticulously designed, engineered and crafted to perfection. Blending premium materials, superior radiant heat technology and striking aesthetics, we complement thoughtfully curated spaces for years to come.

Transform outdoor living spaces into year-round havens, perfect for gathering, relaxing, and making lasting memories.

Redefine outdoor living, extending your indoor comfort to the great outdoors.

Home Is Where The *Heat* Is

Hospitality With a *Warm Welcome*

From luxury resorts to bustling rooftop bars, providing year-round outdoor comfort has become an essential patron preference.

Exceed guest expectations with an inviting, warm experience they won't want to leave.

United States

ECLIPSE PORTABLE

Modern Sunset

“The residents wanted convenience and luxury. They absolutely love the Bromic Eclipse—it’s one of their favorite features. Now, they can sit out late into the evening with friends and family and optimize the outdoor seating for long into the evening. They have been using it every night!”

– **Bradley Leavitt**
Founder of AFT Construction

Australia

PLATINUM ELECTRIC

Barangaroo House

“The Bromic Heaters were a really good solution because you can’t actually see them, yet they’re here and they’re really doing their job. It’s really lucky that the technology can be so developed that you can have something that doesn’t even look like it’s here.”

– **Emilie Delalande**
Interior Designer at Etic

Germany

ECLIPSE ELECTRIC

Poolside Retreat

“The Eclipse Collection by Bromic was a perfect fit for us because it not only serves its functional purpose but also exudes a modern and chic vibe, exactly what we were seeking! The heater also functions as a light source, providing warmth and creating a pleasant atmosphere in outdoor areas, especially when drying off after a swim [and] it perfectly enhances the ambiance of the garden.”

– **Regina Schaurer-Will**
Homeowner

India

TUNGSTEN ELECTRIC

Hyatt Dehadrun

“The heaters played a vital role in creating inviting and comfortable outdoor spaces, enhancing the overall experience for guests. Their combination of stylish design, reliable performance, and user-friendly features make them an excellent choice for enhancing outdoor spaces, and we believe others would benefit from using them as well.”

– **Chaudhary**
Principal Architect of AND Studio,
New Delhi

ECLIPSE COLLECTION

Illuminating Elegance. Redefining Radiance.

The Eclipse Collection seamlessly blends sculptural elegance with functionality. Combining 3000W of radiant heat and dimmable LED ambient light, it features a sleek circular design and ceramic-glass face to bring a modern, luxurious touch to any space.

ECLIPSE SMART-HEAT™ ELECTRIC

The Eclipse Electric offers exceptional performance with efficient radiant heating and a sleek, dimmable LED light ring. Designed for versatility, it features six mounting options, including wall, and ceiling mounts, ensuring a cohesive aesthetic within any outdoor space.

Stylish Heating for
Tough Environments

PLATINUM SMART-HEAT™ MARINE

Crafted from 316 marine-grade stainless steel, the Platinum Marine offers the same versatile range as the standard Electric series while providing superior corrosion resistance in coastal climates. Backed by a 5-year warranty, they deliver lasting performance with a sleek, durable design.

PLATINUM SMART-HEAT™ GAS

The Platinum Gas series offers powerful heating in 300 (25 Mj/hr) and 500 (42 Mj/hr) models. Featuring the same sleek ceramic glass face, these heaters deliver robust performance and a refined, modern aesthetic.

PLATINUM
COLLECTION

TUNGSTEN COLLECTION

Iconic Style, Industry-Leading *Performance*

The Tungsten Collection delivers high-performance heating with a timeless design. Available in Electric, Gas, and Portable models, it features durable 304-grade stainless steel and a signature honeycomb mesh face, combining durability with bold style for any outdoor space.

TUNGSTEN SMART-HEAT™ ELECTRIC

The Tungsten Electric offers a range of wattage options— 2000W, 3000W, 4000W, and 6000W— and tailored mounting solutions for every outdoor space. With efficient interior quartz elements and stylish black or white finishes, it combines versatility and performance, ensuring a perfect fit for your comfort needs.
