

PLATINUM SMART-HEAT™ ELECTRIC MARINE

AISI 316 MARINE-GRADE STAINLESS STEEL • INDUSTRY-LEADING 5 YEAR WARRANTY

PLATINUM SMART-HEAT™ ELECTRIC MARINE

la sta sta sta sta sta sta s

Made in high-quality, AISI316-grade stainless-steel, our Platinum Smart-Heat[™] Electric Marine heaters were specifically engineered to provide superior resistance to the corrosive elements of marine and coastal environments. Available in a white or black finish with a variety of mounting options including wall, ceiling, and recessed, this exceptional heater is backed by an industry-leading 5-year warranty. BROMIC

BROMIC

2300W, 3400W & 4500W SERIES BLACK | WHITE

2300W, 3400W & 4500W SERIES BLACK | WHITE

WHY PLATINUM MARINE?

To counteract the hurdles of installing an outdoor heater near the coast where standard stainless steel can rust and deteriorate, Bromic engineered the Platinum Electric Marine heater series.

AISI 316 MARINE-GRADE STAINLESS STEEL

Built to withstand corrosive environments with high grade materials and a fully enclosed heater body to protect internal elements

INDUSTRY-LEADING 5-YEAR WARRANTY

Offering peace of mind that the heater is built to last.

VERSATILE MOUNTING OPTIONS

Wall, ceiling and recessed mounting options.

WHAT ARE CORROSIVE ELEMENTS?

The high level of relative humidity in coastal areas can add to the deterioration of metals, accelerating the electrochemical reactions that cause rusting and other forms of corrosion. Some of the major threats include those made primarily of sodium chloride such as salt spray from breaking waves and onshore winds, or other atmospheric pollutants like sulfur dioxide within fog, mist and dew.

CONVENIENT CONTROL OPTIONS

For ease of use.

SPECIFICATIONS

Reference the specification guide below to help you select the correct solution for your needs.
